

Evaluation Report for: Telaprolu Hima Nitesh

Role: DevOps Engineer

Candidate Overview

- Full Name: Telaprolu Hima Nitesh
- Total Years of Professional Experience: 3 years
- Current/Most Recent Job Designation: Software Engineer

Candidate Stability

- No significant red flags noted, but the candidate has a relatively short work history (3 years) with two positions.

Result

- Suitability: Not Suitable (does not meet essentials)
- Explanation of Gaps: The candidate lacks essential experience in CI/CD pipeline management, Infrastructure as Code, monitoring tools, and strong scripting skills, which are critical for the role.
- Suitability Percentage: 45% (based on the presence of some relevant skills but significant gaps in key areas).

Status: Rejected (45% Matching With JD)
