SQL

PROJECTS

Plant Material Tracking System

09/2017 - 10/2019 Vizag

Pharma Material Tracking System for Aurobindo Pharma Ltd.

- PMTS (Plant Material Tracking System) is a software application designed to monitor and manage all stages of medicine manufacturing.
- It ensures end-to-end tracking, from raw material procurement to final product packaging and distribution.
- The system streamlines processes such as quality control, batch tracking, and compliance reporting. By providing real-time insights and data, PMTS enhances efficiency, ensures regulatory compliance, and minimizes production delays.
- Its robust architecture supports scalability and adaptability for evolving manufacturing needs.

NPD Process

11/2019 - 08/2021

Change request management for Archer Daniel Midlands company.

- Archer Daniels Midland (ADM) is a global leader in agricultural origination and food processing.
- The company specializes in transforming crops like corn, soybeans, and wheat into essential ingredients for food, beverages, and industrial products.
- ADM operates a vast network of processing facilities and logistics capabilities to support sustainable agriculture. Known for innovation, the company focuses on providing nutrition, reducing environmental impact, and improving supply chain efficiency.
- Its commitment to sustainability and quality makes ADM a trusted partner across industries worldwide.

PROJECTS

Portal Tech Team

 08/2021 - Present

Driving Digital Innovation with Cutting-Edge Solutions

- IVY is an online gaming platform specializing in betting and interactive gaming experiences.
- It offers users a seamless interface to participate in various betting activities across multiple sports and events.
- The platform ensures secure transactions, real-time updates, and user-friendly navigation to enhance the gaming experience.
- IVY is built with a focus on scalability, reliability, and compliance with legal regulations in the betting industry.
- It continuously integrates advanced features to meet the demands of a dynamic and competitive market.
