

Evaluation Report for: Sai Surya Vamsi Sapireddy

Role: DevOps Engineer

Candidate Overview

- Full Name: Sai Surya Vamsi Sapireddy
- Total Years of Professional Experience: Approximately 3.6 years
- Current Job Designation: DevOps Engineer

Candidate Stability

- No significant red flags noted in the work history. The candidate appears to have a consistent career path without unexplained gaps.

Recommendation

- Based on the analysis for the role of DevOps Engineer – Potential Match. The candidate meets key requirements but lacks some specific skills (Python scripting and GCP experience).
- Recommendation: "Shortlisted for the next round" due to strong alignment with most responsibilities and skills, but further evaluation on the missing skills may be necessary.
