| ● Web Technologies | | ● Software Development Life Cycle |
- JavaScript, Html5, Css

Technical Skills: React.js, Python, HTML, CSS, Git, JavaScript, core java,mysql,javascript,JSON,JDBC

WORK EXPERIENCE

Experienced Full Stack Developer with a data base, core java,javacript,rest api integration,data base

- Proficient in building and maintaining dynamic, responsive web applications.
- Skilled in developing RESTful APIs, optimizing application performance, and ensuring cross-device compatibility.
- Strong problem-solving abilities and adept at troubleshooting issues across the application stack.
- Committed to following best practices and staying updated with the latest industry trends.

PROJECTS HANDLED

E-commerce Website

Overview: Developed a comprehensive e-commerce platform aimed at enhancing the online shopping experience for users. The platform included features such as product browsing, shopping cart functionality, user authentication, and payment gateway integration.

Key Contributions:

- Designed and implemented the frontend using React.js, ensuring a responsive and intuitive user interface.
- Developed backend services with Node.js and Express.js to handle user authentication, product management, and order processing.
- Utilized for database management, creating schemas and handling data storage.

- Collaborated with a cross-functional team to define project requirements and deliver a high-quality product within the stipulated timeline.

Project Management Tools:

Overview: Created a project management tool to help teams collaborate, track progress, and manage tasks.

Key Contributions:

- Developed user authentication and authorization mechanisms using JWT.
- Created dynamic, user -friendly dashboards with React for task assignment and progress tracking.
- Built backend APIs for task management, including creating, updating, and deleting tasks.
- Implemented a notification system to alert users of important updates and deadlines.

EDUCATION CREDENTIALS

- **BTech** | JNTUH (vignana barathi engineering college), Hyderabad | 2023
- **Diploma** | Jagruti institute of engineering and technology 2019
