Sridhar Duraisamy

Java Full Stack Developer

✉ sridharsrid25@gmail.com   India No: +91 9524420187

Summary of Experience

Experienced Full Stack Developer with over 5.3 years of expertise in developing scalable web applications and maintaining high-quality codebases. Proficient in **Java, React**, **Angular**, **TypeScript** and **Spring Boot**, with a strong foundation. Demonstrated ability to work in **agile environments**, collaborate with cross-functional teams, and deliver robust solutions aligned with business goals. Skilled in end-to-end software development, troubleshooting complex technical issues, and ensuring proper documentation.

Core Skills

- **Frontend:** React, Angular, HTML, CSS, SCSS, JavaScript, Tailwind CSS, Bootstrap, Responsive Web Design
- **Backend:** Java, Spring Boot, Spring Security, Node.js, REST API, Microservices
- **Database:** MySQL, PostgreSQL, MongoDB
- **Cloud Services:** AWS, Firebase, S3 Bucket, Cloud Deployment, Scaling Applications
- **CI/CD:** Git, GitHub, Bitbucket
- **Best Practices:** Agile Methodologies, TDD, Automated Unit Testing, Software Documentation

Professional Experience – 5.3 years

Datapattern – Coimbatore, Tamil Nadu

Full Stack Developer

03 Oct 2022 – 30 Sep 2024

- Developed and maintained web applications using **React**, **Angular**, and **TypeScript** on the frontend and **Java Spring Boot** on the backend.
- Troubleshot and resolved complex technical issues, improving system performance and reliability.
- Collaborated with product teams to align on requirements and deliver high-quality solutions.
- Configured CI/CD pipelines using **Git** optimizing deployment processes.
- Leveraged **AWS services** (S3, EC2, Firebase) for scalable cloud-based solutions.

Shinelogics Informatics (p) ltd – Chennai, Tamil Nadu

Full Stack Developer

01 June 2022 – 09 Sep 2022

- Built robust and responsive web applications using **Angular**, **Java Spring Boot**, and **PostgreSQL**.
- Designed and integrated **RESTful APIs** for seamless communication between services.
- Ensured code quality through regular reviews and unit testing with **JUnit** and **Cucumber**.
- Actively participated in agile ceremonies, including sprint planning, retrospectives, and daily standup

Shinelogics Infotech (p) ltd – Chennai, Tamil Nadu

Full Stack Developer

01 June 2019 – 25 May 2022

- Built robust and responsive web applications using **Angular**, **Java Spring Boot**, and **PostgreSQL**.
- Designed and integrated **RESTful APIs** for seamless communication between services.
- Ensured code quality through regular reviews and unit testing with **JUnit** and **Cucumber**.
- Actively participated in agile ceremonies, including sprint planning, retrospectives, and daily standup

Project Highlights

Cultureseekerz — Education Platform

- **Description:** Connects teachers with students for personalized online classes.

- **Tech Stack:** Angular, Spring Boot, PostgreSQL, Firebase, AWS, S3

- **Achievements:** Delivered a user-friendly platform with interactive features and secure payment processing.

- ☞ **Website Link**: cultureseekerz.com

Famlynk — Social Media Platform

- **Description:** Social platform focused on connecting families through a family tree interface.

- **Tech Stack:** React, Spring Boot, MongoDB, AWS, Firebase

- **Achievements:** Successfully launched and maintained platform with robust back-end services.
- ☞ **Website Link**: Famlynk.com

Educational Background

Bachelor of Engineering
Hindusthan Institute of Technology, Coimbatore | 2019

Diploma
Hindusthan Polytechnic College, Coimbatore | 2016

Additional Information

- Good at writing clean and easy-to-manage code.

- Experienced in working in teamwork-focused environments like agile.

- Always learning new things like cloud computing, microservices, and modern tools.

- Planned and designed the structure of systems and databases.

- Created simple plans to show steps and timelines for projects.

- Turned ideas from stakeholders into clear technical tasks.

- Made sure the project runs smoothly by adjusting plans if needed.

- Designed how the application works to make it user-friendly.

- Assigned tasks to team members to get things done on time.
